Hi Anne,

Glad to see that you're now the site attorney for our interests in relation to the San Jacinto River Waste Pits. Please copy all regarding our EPA order for our pylon installation in the SJRF. I have attached our hurricane plan for the SJRF for your information.

Please update me regarding the progress of our pylon installation order from the EPA. We seem to have stalled and we would like to get this added infrastructure in before the next hurricane season.

Hi Brian,

I wanted to touch base regarding the status of our review of your latest draft plan. We are still currently evaluating the plan internally and hope to get you a response shortly.

I also wanted to inform you that I will no longer be the site attorney assigned to the site. My colleague, Anne Foster, will be taking the lead from now on. Her email address is [foster.anne@epa.gov](mailto:foster.anne@epa.gov) and her phone number is 214.665.2169. As you are aware, Gary Miller, the project manager, is also an available resource.

Many thanks,

Jessica
